Country of Origin Labeling Program
Agricultural Marketing Service, USDA
Stop 0249, Room 2092-S
1400 Independence Avenue, SW
Washington D.C. 20250-0249

I support Country of Origin Labeling. I want to know where my food comes from. In addition, as a grower of fruit and vegetables I believe consumers have the right to know if their food has been produced under the strict environmental guidelines and regulations of the United States, or a sometimes less rigorous program of foreign countries.

This program can be managed without extensive reporting requirements if the USDA will follow the lead of states such as Florida who have experience in implementing this kind of program. It can be kept simple and manageable.

Sincerely,
